

35 Bakery were targeted as a definitive evidence for the willful killing of civilians

The Syrian Network for Human Right- casualties Report-35 Bakery were targeted as a definitive evidence for the willful killing of civilians.

There is no clearer and definitive evidence of the deliberate targeting for civilian citizens' women, children, and young people than shelling large crowd was queuing to get bread for their families.

This took place for the first time at Homs Province, when The Syrian regime's security forces targeted bakeries and bread lines. The massacre started in Ashira neighborhood bakery 16-01-2012 and extended to different Syrian provinces, which included Aleppo, Hama Deir al-Zour and Idlib.

The Syrian Network for Human Rights (SNHR) documented; the targeting of 35 bakeries by the Pro-Government forces in various provinces of Syria, which indicates that it's a widespread crime and the increasing number proves that it's systematic, targeting bakeries and bread lines according to the Syrian provinces is as follows:

First Aleppo Province:

Aleppo: 24 bakeries were targeted; the attack killed at least 154 martyrs including 38 children, and at least 549 wounded, including 70 children and more than 13 heavily injured.

Homs: 24 bakeries were targeted; the attack killed 31 martyrs including 12 children, in addition to at least 285 injuries, including 40 heavily injured.

Hama: targeting of Halfayas' Bakery; 83 martyrs, including 7 children, in addition to 42 injuries 17 among them are heavily injured.

Idlib: Targeting a bakery in Kafr Owaid town; the attack killed 10 martyrs, including 4 women, in addition to at least 120 wounded, 40 among them are heavily injured.

Deir Al Zor: Targeting a bakery in the area of Al basira; killed 22 martyrs, including 3 civilians, in addition to at least 45 wounded, 15 are heavily injured.

Rural Damascus: Harasta town: targeting of the Harasta market; which led to the destruction of a Bakery called Capitola.

Thus, the Syrian government forces have targeted 35 bakeries, killed up to 310 civilians, including 60 children and 4 women were standing in bread lines, in addition to injuring at least 1257 wounded, in addition to injuring at least 1257 wounded.

Attachment and details:

The Syrian government heavy artillery bombed suddenly deliberately and directly the residents who had gathered by dozens in front of the bakery, killing 20 people in a glance and fell more than 115 injured.

[Unidentified martyr](#)

[Another Unidentified martyr.](#)

Automated bakery in Jarablus 08/12/2012:

The helicopter machine guns shelled different districts in city Jarablus as well as the automated bakery, leaving not less than 17 wounded residents, causing significant damage for several numbers of facilities' in addition to the bakery.

Al-zora bakery in Al-halk Ain el-Tal 18/12/2012:

The Syrian government heavy artillery shelled in a navigable way the bakery, resulting in the killing two children, and at least 7 wounded.

[Fall of two martyrs' children and several injured as a result of the artillery shelling on the bakery-Ain el-tal.](#)

Second: Homs: 6 bakeries were targeted:

Ashiras' neighborhood bakery 16/01/2012:

[Alliwa bakery in Ashiras' neighborhood](#) were targeted by security forces and Shabiha followers of the Syrian regime, suddenly they shot citizens who were standing queues to buy bread without any reason, killing 3 people on the spot two of them Christian sect, and the fall of more than 60 wounded, including children:

Alfarhanya Village 16/06/2021:

As number of village residences' were lining up in front of [the bakery](#) to get bread for their families, The Syrian government's army deliberately targeted them right at the same time a significant number of mortar rounds shelled the place, killing 5 of residences in a glance their bodies were quite maimed no heads no heads, and fell over 20 wounded, this is what mortar rounds always do for being random according to the international Classification.

A [clip](#) to massacre's martyrs:

[The targeted Bakery.](#)

[Hamidiyas' Bakery](#) 07/06/2012:

Which is the only remains bakery for the neighborhood that provides surviving residents with a little bread loaves, the army forces affiliated to the Syrian government targeted the bakery by intensive Scud missiles deliberately without any reason, leading to its collapse, killing 3 martyrs, and 35 people at least wounded.

Furthermore, after the cutting off for flour supplies to the bakeries for two months, security forces, military checkpoints and shabiha (thugs), prevented the access of any flour to the town and confiscate it, On top of that the Syrian army forces shelled bakery's full tanks, which made residents rely on bread distributed by the government.

In addition to this, according to residents and more than an eyewitness statements plus testimonies from several bodies, they affirmed that the Syrian regime had offered bread sacks, poisoned [more than 45 cases](#), including women and children, [death of two people](#).

The district physicians' report in field hospital described the symptoms of poisoning as vomiting, abdominal pain, constricted iris, brachycardia. With this miserable medical position and the occupation of governmental and private hospitals by security and Shabiha, those who got [injured](#) they had ill filed treatment with the simplest equipment and medicines.

[Talbesa bakery Massacre](#) in rural Homs, 24.12.2012:

A number of MiGs air had raids on the city and lunched 6 rockets into the bakery, killing immediately 15 residents, including at least 5 children 4 from the same family, There has been no reason that would justify this willful killing of civilians.

Documentation attachments:

6. [Al-Ghannto region bakery](#) Massacre 27/12/2012:

The air force which is only owned by the pro-Syrian government army bombed directly with malice aforethought the automated bakery, killing 3, including a child, at least 60 people wounded.

Residents after being [bombardment](#).

Third: Hama province 23/12/2012:

The Cham Islamic charity Foundation had secured an amount of 20 bags (a ton) of flour on the massacre day, and when the automated bakery (municipal) started to work news spread to the residents and started to gather leading to a very big crowd, which required intervention from some FSA fighters' to regulate the role, there were 4 of them in addition to a number of Volunteers with them.

Furthermore, at 4:3 pm a Sukhoi Su-22 fighter hovered above the Halfaya city, then it took course above Mhardeh, headed eastward directly over [the bakery](#) and dropped 8 bombs. The first shell directly hit the crowd, who was queuing in front of the bakery, which led to a huge explosion followed by several small explosions causing for people shrapnel flew straight into more than 200 meters.

We documented 45 resident name were killed in that shelling, including two women, some FSA fighters, and civilians who were waiting for bread. The exact number of wounded is difficult to verify. Activist "Samir," from Halfaya has told us that he had seen more than 120 injured, according to his estimates.

Fourth: Deir Ezzor: Al-Bousaiyra bakery bombardment 25/12/2012:

The Syrian government's MiG Aircraft shelled on the village, with a number of missiles, [killing 17 residents](#) on the spot and, [injuring more than 35](#).
