

In the Memory of the Syria's Fallen Victims

On the fourth anniversary of the peaceful protests in Syria, the Syrian Network for Human Rights, cooperated its efforts and coordinated with the Syrian-American Council.

SNHR provided its colleagues with names of the children who were killed, victims who died due to shelling with barrel bombs and the names of all victims who were killed by all conflict parties in 2014; and the Syrian-American Council recited all the victims' names for four days. Also, SNHR provided the Syrian-American Council with a painting that included the pictures of fifty thousand martyrs, which was designed by Tamer Turkmane, an **SNHR** member. The 170 meters painting was displayed in front of the White House.

In order to commemorate the fallen victims' of Syria, **SNHR** is preparing for a project that is expected to be completed at the end of this year; where 200 thousand identity cards will be issued for fallen Syrian victims.

We hope that the whole world would remember on this occasion as the bloodbath in our country hasn't stopped for a day since 18 March 2011 and up till now.

Government forces are responsible for committing crimes and killing more than 95% of the victims, therefore the Security Council must shoulder its responsibilities and act to stop the continuous bloodshed in Syria. Syrian victims are not numbers.

Our sincere condolences go to the families of the victims, and all our thanks go to our dear colleagues in the Syrian-American Council.
