### **Condemnation and responsibilities:**

Here at SNHR as a human rights organization that concerned with defending human rights we firmly condemn this horrific massacre that is a crime against humanity with all the massacres that the Syrian people have suffered around the clock as well and we hold the Syrian government along with the Army Commanding Chief Bashar Al Assad fully and completely responsible for the massacre and its consequences and reactions, also Iran, Russia and Hezbollah are also held responsible for the ongoing killing and supplying the Syrian government with weapons and money, as we also ask the Security Council and United Nations to work in full speed to do what can be done to protect the civilians in Syria, and to shoulder its morale and legal responsibility and speed up the steps against all involved in these massacres to the International Criminal Court.
